

Complete Vastu Report

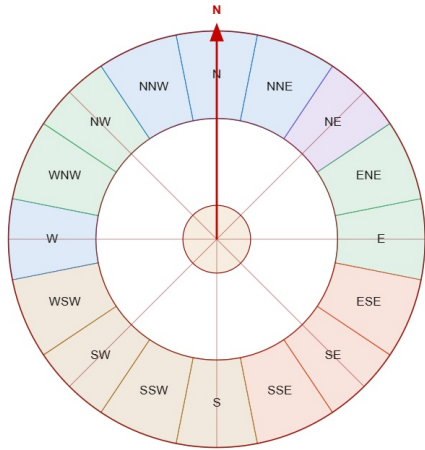

floor-plan-2.jpg · North calibrated at 0.0° · Chakra view 16

Executive summary

COMPLIANCE SCORE 90/100	ZONES ANALYSED 16	AMENITIES TAGGED 1	DOSHAS 0
----------------------------	----------------------	-----------------------	-------------

The plan scores **90/100** on overall Vastu compliance. The Brahmasthan is clear and the strongest element is **Air** while **Water** needs strengthening.

Chakra reference

The chakra is superimposed on the uploaded plan with the Brahmasthan at the calculated centre. Zone bearings are measured clockwise from calibrated true North (0.0° on the plan image).

Mahavastu balancing matrix (16 zones)

Zone colours, element metals, 3D remedies, placement rules and lighting for every zone of the mandala.

Zone	Ideal colours	Anti-colours	Element metal	3D remedies	Placement	Lighting	Light colours
N (Water)	Green, Pista green, Olive	Red, Maroon, Grey	Stainless Steel	Stainless steel strip on the north wall; Green plant with round leaves; Flowing water painting facing inward	Keep this zone light and open; place seating so users face north. Avoid heavy storage or lofts here.	Bright, cool white light (4000-5000K) with an upward wall wash on the north wall.	Cool white, Green accent
NNE (Water)	Sky blue, Aqua, White	Red, Orange, Black	Stainless Steel	Water fountain or blue water pot; Stainless steel helix; Crystal cluster	Best left as open, clean space or a water source. Keep floor level slightly lower than the south side.	Soft cool white (4000K) diffused ceiling light; keep the zone never dark.	Cool white, Blue accent
NE (Space)	White, Off-white, Light blue	Red, Black, Dark brown	Silver / Stainless Steel	Vastu pyramid on the NE wall; Copper water vessel; Sphatik (crystal) ball	Keep the Ishan corner light, open, clutter-free and at the lowest level; puja or open space only.	Continuous soft warm-white lamp (3000-3500K); a small always-on diya or night lamp is ideal.	Warm white, Pure white
ENE (Air)	Light green, Lemon, White	Red, Dark grey	Brass	Photos of family enjoying together; Green bamboo plant; Brass wind chime	Ideal for recreation and entertainment; keep entertainment units light and low here.	Cheerful daylight-white (4000K) with dimmable accents for leisure zones.	Daylight white, Lemon accent
E (Air)	Green, Light green, White	Red, Black	Brass	Brass strip along the east wall; Group photograph of social gatherings; Green creeper plant	Keep east open with large windows; entrances and living spaces are favoured. No toilets or stores.	Bright cool white (4000-5000K); maximise morning natural light.	Cool white, Green accent
ESE (Fire)	Orange, Peach, Light red	Blue, Green	Copper	Copper strip on the ESE wall; Red/orange fire-element artefact; Salt lamp for anxiety control	Suited to study or analytical work desks; avoid bedrooms and water features here.	Warm focused task lighting (2700-3000K) - avoid harsh cool light which raises anxiety.	Warm white, Amber accent
SE (Fire)	Orange, Red, Bright pink	Blue, Green, Black	Copper	Copper pyramid or copper strip; Red-toned artefact / burning candle; Sun image on the SE wall	Kitchen zone - cook facing east with the platform in the SE. Keep water and sinks away from this corner.	Bright warm light (3000K) over the cooking platform plus a red/orange accent lamp.	Warm white, Red-orange accent
SSE (Fire)	Red, Orange, Crimson	Blue, Green	Copper	Copper helix; Image of a rising sun or lion; Red flowering plant	Power and confidence zone - good for kitchen or a leader's desk. Keep no water storage here.	Strong warm white (3000K) with red accent lighting; never leave this zone dim.	Warm white, Red accent
S (Earth)	Red, Terracotta, Coral	Blue, Black	Copper / Bronze	Trophies and awards display; Red earthen artefact; Bronze bell or idol	Heavy, higher and closed side; master bedroom or storage. Avoid water sources and open cuts.	Warm white (2700-3000K) with focused spotlights on achievements/artwork.	Warm white, Red accent
SSW (Earth)	Mud, Beige, Khaki	Green, Blue	Iron / Bronze	Mud pot or terracotta artefact; Iron/lead strip to control expenditure; Grey-brown flooring accent	Disposal zone - toilets, dustbins, exit paths. Never a kitchen, puja or entrance.	Low-intensity warm light (2700K); keep this zone deliberately dim and heavy.	Warm white, Earthy amber
SW (Earth)	Mud, Peach, Beige, Brown	Green, Blue, Black	Bronze / Iron	Terracotta / mud artefact; Pair of decorative objects for relationships; Heavy stone or bronze idol	Highest and heaviest zone; master bedroom, staircase or storage. No toilets, water or kitchen.	Warm cosy light (2700K), indirect and soft; avoid cool white lamps.	Warm white, Peach accent
WSW (Earth)	Mud, Grey-brown, Beige	Green, Sky blue	Iron	Earthen pot with dry grains; Iron strip along the WSW wall; Books / education imagery	Savings and education zone - study desk or store. Keep it heavy and clutter-controlled.	Neutral warm task lighting (3000-3500K) over the study surface.	Neutral white, Earthy accent
W (Water)	Blue, Navy, White	Red, Orange	Stainless Steel	Blue water-body painting; Stainless steel strip on the west wall; Wooden dining furniture	Gains zone - dining, kids room or staircase. Keep no toilet here; seating faces east.	Cool white (4000K) with a blue accent; evening warm layer for dining.	Cool white, Blue accent
WNW (Air)	White, Cream, Light grey	Red, Dark blue	Stainless Steel	Sea-salt bowl; White marble/steel artefact; Air-purifying plant	Depletion zone - best for toilets and stores. Avoid bedrooms and puja here.	Plain cool white (4000K) with good ventilation; keep it clean and never dark.	Cool white, White accent
NW (Air)	White, Cream, Silver grey	Red, Orange	Stainless Steel / Silver	Steel wind chime; White flowers or silver artefact; Bank/finance documents stored here	Support and banking zone - guest room, store or toilet. Keep cash and receivables files here.	Cool white (4000-5000K) even lighting; avoid warm reddish lamps.	Cool white, Silver-white
NNW (Water)	Light blue, Aqua, White	Red, Orange, Black	Stainless Steel	Blue water feature or blue glass bowl; Attractive art / romantic imagery; Steel helix	Attraction and healing zone - bedroom or living space. No kitchen or toilet here.	Soft cool white (3500-4000K) with a blue accent lamp for healing ambience.	Soft cool white, Blue accent
Brahmasthan (Space)	White, Off-white, Light yellow	Dark blue, Black, Deep red	Brass / Silver	Brass Vastu pyramid at the centre; Keep the area free of pillars, toilets and staircases; Small crystal or diya at the centre	Must remain open, light and unobstructed; no heavy furniture, load or wet areas.	Bright, evenly diffused warm-white light (3500K) from a central fixture.	Warm white, Pale yellow

Panch Tatva (five elements)

Element	Zones	Strength	State
Water	N, NNE, W, NNW	72/100	Mild imbalance
Air	ENE, E, WNW, NW	79/100	Balanced
Fire	ESE, SE, SSE	72/100	Mild imbalance
Earth	S, SSW, SW, WSW	72/100	Mild imbalance
Space	NE	72/100	Mild imbalance

Entrance analysis (32 padas)

Main door at **E4 - Indra** (81.2°): Authority, leadership and prosperity. Polarity: auspicious.

Pada	Devta	Bearing	Polarity	Effect
E1	Shikhi	45.00°	inauspicious	Risk of fire accidents and legal disputes
E2	Parjanya	56.25°	auspicious	Progeny, creativity and freshness
